APPLICATION OF

VIRGINIA ELECTRIC AND POWER COMPANY
D/B/A DOMINION VIRGINIA POWER

CASE NO. PUE-2016-00062

For revision of rate adjustment clause: Rider S,
Virginia City Hybrid Energy Center

ORDER FOR NOTICE AND HEARING

On June 1, 2016, Virginia Electric and Power Company d/b/a Dominion Virginia Power ("Dominion Virginia Power" or "Company"), pursuant to § 56-585.1 A 6 of the Code of Virginia ("Code"), filed with the State Corporation Commission ("Commission") an annual update with respect to the Company's rate adjustment clause, Rider S ("Application"). Through its Application, the Company seeks to recover costs associated with the Virginia City Hybrid Energy Center ("VCHEC" or "Project"), a 610 megawatt nominal coal-fueled generating plant and associated transmission interconnection facilities located in Wise County, Virginia.¹

In Case No. PUE-2007-00066,² the Commission approved the development of VCHEC. In conjunction with its approval of VCHEC, the Commission also approved a rate adjustment clause, designated Rider S, which allowed Dominion Virginia Power to recover costs associated with the development of the Project, including projected construction work in progress and any

² *Application of Virginia Electric and Power Company, For a certificate of public convenience and necessity to construct and operate an electric generation facility in Wise County, Virginia, and for approval of a rate adjustment clause under §§ 56-585.1, 56-580 D, and 56-46.1 of the Code of Virginia*, Case No. PUE-2007-00066, 2008 S.C.C. Ann. Rept. 385, Final Order (Mar. 31, 2008).

associated allowance for funds used during construction.³ According to Dominion Virginia Power, VCHEC became fully operational on July 10, 2012.⁴

In this proceeding, Dominion Virginia Power has asked the Commission to approve Rider S for the rate year beginning April 1, 2017, and ending March 31, 2018 ("2017 Rate Year").⁵ The two key components of the proposed total revenue requirement for the 2017 Rate Year are the Projected Cost Recovery Factor and the Actual Cost True-Up Factor.⁶ The Company is requesting a Projected Cost Recovery Factor revenue requirement of \$230,706,000 and an Actual Cost True-Up Factor revenue requirement of \$23,215,000.⁷ Thus, the Company is requesting a total revenue requirement of \$253,921,000 for service rendered during the 2017 Rate Year.⁸

Dominion Virginia Power utilized a rate of return on common equity ("ROE") of 11.5% for purposes of calculating the Projected Cost Recovery Factor in this case. This ROE comprises a general ROE of 10.5%, plus a 100 basis point enhanced return applicable to a conventional coal generating station as described in § 56-585.1 A 6 of the Code.⁹ For purposes of calculating the Actual Cost True-Up Factor, including an accompanying correction to the 2014 calendar year Actual Cost True-up Factor, the Company utilized an ROE of 11%, which comprises the general

ROE of 10% approved by the Commission in its Final Order in Case No. PUE-2013-00020,¹⁰ plus the 100 basis point enhanced return.¹¹

If the proposed Rider S for the 2017 Rate Year is approved, the impact on customer bills would depend on the customer's rate schedule and usage. According to Dominion Virginia Power, implementation of its proposed Rider S on April 1, 2017, would increase the monthly bill of a residential customer using 1,000 kilowatt hours per month by approximately \$0.54.¹²

The Company has calculated the proposed Rider S rates in accordance with the same methodology as used for rates approved by the Commission in the most recent Rider S proceeding, Case No. PUE-2015-00060.¹³

Finally, in conjunction with the filing of its Application on June 1, 2016, the Company filed the Motion of Virginia Electric and Power Company for Entry of a Protective Ruling ("Motion for Protective Ruling") and a proposed protective ruling that establishes procedures governing the use of confidential information in this proceeding.

NOW THE COMMISSION, upon consideration of this matter, is of the opinion and finds that this matter should be docketed; Dominion Virginia Power should provide public notice of its Application; a public hearing should be scheduled for the purpose of receiving testimony and evidence on the Application; interested persons should have an opportunity to file comments on the Application or participate as a respondent in this proceeding; and the Commission's Staff

("Staff") should be directed to investigate the Application and file testimony and exhibits containing its findings and recommendations thereon.

Accordingly, IT IS ORDERED THAT:

PUE-2016-00059, PUE-2016-00060, PUE-2016-00061, and PUE-2016-00063 also will be bifurcated from the remainder of their respective cases and heard by the Commission. The bifurcated proceedings on ROE in each of these five rate adjustment clause cases shall be heard together, without consolidation.

NOTICE TO THE PUBLIC OF AN APPLICATION BY
 VIRGINIA ELECTRIC AND POWER COMPANY D/B/A
 DOMINION VIRGINIA POWER FOR REVISION OF RATE
 ADJUSTMENT CLAUSE: RIDER S, VIRGINIA CITY HYBRID
 ENERGY CENTER
CASE NO. PUE-2016-00062

On June 1, 2016, Virginia Electric and Power Company d/b/a Dominion Virginia Power ("Dominion Virginia Power" or "Company"), pursuant to § 56-585.1 A 6 of the Code of Virginia ("Code"), filed with the State Corporation Commission ("Commission") an annual update with respect to the Company's rate adjustment clause, Rider S ("Application"). Through its Application, the Company seeks to recover costs associated with the Virginia City Hybrid Energy Center ("VCHEC" or "Project"), a 610 megawatt nominal coal-fueled generating plant and associated transmission interconnection facilities located in Wise County, Virginia.

In Case No. PUE-2007-00066, the Commission approved the development of VCHEC. In conjunction with its approval of VCHEC, the Commission also approved a rate adjustment clause, designated Rider S, which allowed Dominion Virginia Power to recover costs associated with the development of the Project, including projected construction work in progress and any associated allowance for funds used during construction. According to Dominion Virginia Power, VCHEC became fully operational on July 10, 2012.

In this proceeding, Dominion Virginia Power has asked the Commission to approve Rider S for the rate year beginning April 1, 2017, and ending March 31, 2018 ("2017 Rate Year"). The two key components of the proposed total revenue requirement for the 2017 Rate Year are the Projected Cost Recovery Factor and the Actual Cost True-Up Factor. The Company is requesting a Projected Cost Recovery Factor revenue requirement of \$230,706,000 and an Actual Cost True-Up Factor revenue requirement of \$23,215,000. Thus, the Company is requesting a total revenue requirement of \$253,921,000 for service rendered during the 2017 Rate Year.

Dominion Virginia Power utilized a rate of return on common equity ("ROE") of 11.5% for purposes of calculating the Projected Cost Recovery Factor in this case. This ROE comprises a general ROE of 10.5%, plus a 100 basis point enhanced return applicable to a conventional coal generating station as described in

§ 56-585.1 A 6 of the Code. For purposes of calculating the Actual Cost True-Up Factor, including an accompanying correction to the 2014 calendar year Actual Cost True-up Factor, the Company utilized an ROE of 11%, which comprises the general ROE of 10% approved by the Commission in its Final Order in Case No. PUE-2013-00020, plus the 100 basis point enhanced return.

If the proposed Rider S for the 2017 Rate Year is approved, the impact on customer bills would depend on the customer's rate schedule and usage. According to Dominion Virginia Power, implementation of its proposed Rider S on April 1, 2017, would increase the monthly bill of a residential customer using 1,000 kilowatt hours per month by approximately \$0.54.

The Company has calculated the proposed Rider S rates in accordance with the same methodology as used for rates approved by the Commission in the most recent Rider S proceeding, Case No. PUE-2015-00060.

Interested persons are encouraged to review the Application and supporting documents for the details of these and other proposals.

TAKE NOTICE that the Commission may apportion revenues among customer classes and/or design rates in a manner differing from that shown in the Application and supporting documents and thus may adopt rates that differ from those appearing in the Company's Application and supporting documents.

The Commission entered an Order for Notice and Hearing that, among other things, bifurcated ROE issues from the remainder of the case and scheduled a public hearing on December 7, 2016, at 10 a.m., in the Commission's second floor courtroom located in the Tyler Building, 1300 East Main Street, Richmond, Virginia 23219, to receive testimony from members of the public on the Company's Application. At this public hearing evidence related to non-ROE aspects of the Application will also be received from the Company, any respondents, and the Commission's Staff. Any person desiring to testify as a public witness at this hearing should appear in the Commission's courtroom fifteen (15) minutes prior to the starting time of the hearing and contact the Commission's Bailiff.

A public hearing on ROE issues in this case and in Case Nos. PUE-2016-00059, PUE-2016-00060, PUE-2016-00061, and PUE-2016-00063 shall be convened by the Commission on January 18, 2017, at 10 a.m., in the Commission's second floor courtroom located in the Tyler Building, 1300 East Main Street, Richmond, Virginia 23219. At this public hearing evidence and testimony related to ROE aspects of the Application will be received from the Company, any respondents, and the Commission's Staff.

The public version of the Company's Application, as well as the Commission's Order for Notice and Hearing, are available for public inspection during regular business hours at each of the Company's business offices in the Commonwealth of Virginia. Copies also may be obtained by submitting a written request to counsel for the Company, Lisa S. Booth, Esquire, Dominion Resources Services, Inc., 120 Tredegar Street, Richmond, Virginia 23219. If acceptable to the requesting party, the Company may provide the documents by electronic means.

Copies of the public version of the Application and other documents filed in this case also are available for interested persons to review in the Commission's Document Control Center located on the first floor of the Tyler Building, 1300 East Main Street, Richmond, Virginia 23219, between the hours of 8:15 a.m. and 5 p.m., Monday through Friday, excluding holidays. Interested persons also may download unofficial copies from the Commission's website: <http://www.scc.virginia.gov/case>.
